

RED CLAY GROUP, LLC

Construction Estimating & Consulting Intelligence

CAPABILITY STATEMENT

Service-Disabled Veteran-Owned Small Business
SBA VetCert certification pending

COMPANY OVERVIEW

Red Clay Group is a civil cost estimating and quantity surveying firm supporting federal agencies, A-E design teams, and small-business primes on utility, wastewater, and site work. Founded by a U.S. Army veteran and civil engineering graduate.

CORE CAPABILITIES

Quantity Surveys and IGCE Support

Independent quantity takeoffs from design documents and verification of bid-schedule quantities against the plans, in support of independent government cost estimates.

Utility and Wastewater Cost Estimating

Water and sewer mains, force mains, pump stations, and treatment plant upgrades, with trade-level mechanical and structural takeoff.

Biddability and Constructability Review

Finds plan-spec conflicts, quantity gaps, and bid-schedule ambiguities before solicitation or bid opening.

Earthwork Quantities and 3D Modeling

AGTEK surfaces for site, range, and airfield earthwork: cut/fill, pavement sections, and trench excavation by depth.

Bid Support for Small-Business Primes

Takeoff and pricing support for SDVOSB and small-business primes on federal set-asides, delivered in the prime's own estimating system.

COMPANY DATA

Legal Name

Red Clay Group, LLC

UEI

JXCAV141E2P6

CAGE Code

Pending

Entity

Alabama LLC, est. 2026

Socioeconomic

SDVOSB (VetCert pending)

Veteran-Owned Small Business

Payment

Government purchase card accepted

DIFFERENTIATORS

Civil engineering degree, Clarkson University. Six years as a U.S. Army officer. Secret clearance (inactive). Quantities priced to how the work is actually built, not only to the pay prism.
